

GBC Guidelines for Submissions

Website, Newsletter, and Social Media

We welcome submissions for consideration for publication on the GBC website, in the newsletter, and on social media. We reserve the right to edit original submissions for style, consistency, and appropriate content; to edit or shorten material if necessary; and to select items that best fit our schedule. This does not apply to published media and scientific papers. Please include your name, affiliation, and email address with your submission.

Formatting Your Submission

Stylistic Formatting

- Spell out the *first instance* of all acronyms, e.g., Green Burial Council (GBC). Afterwards the acronym itself is sufficient.
- Spell out numbers one through ninety-nine, unless it is a percentage (e.g., “fifteen countries,” but “15 percent”).
- Include first and last names with first mention of proper names. Afterwards use just the last name (e.g., “Clara Barton,” but later, “Barton...”).
- Use “United States” rather than “US” or U.S. in the case of the noun; “U.S.” is used as an adjective, as in “U.S. policy.”
- Do not use an ampersand (&) for the word “and” unless it is part of a proper name.

Images and Graphics

- Photos and graphics should be in .jpg format.
- The dots per inch (dpi) should be at least 150, preferably 300 dpi.
